

Public Statement by the HOUSE OF KINGS  
Friday, April 9 of 2021

“THE LUMI IS THE HIGHEST LAW OF THE LAND AFTER 400 YEARS CAPTIVITY”

We dismiss out-of-hand any public advisory against the African Kingdoms LUMI (AKL), and re-confirm that LUMI is legal tender for Africans both on the continent and throughout the Sixth Region.

During this unprecedented time in history, the House of Kings has determined that the highest law of the land is the Law of the Covenant, Genesis 15:13-14, as recorded in the Book by His Majesty King James IV and I of England.

In accordance with the Law, We confirm that from the years 1619-to-2019 our African people, the Israelites, have been in a condition of affliction and servitude: We also confirm that since the year 2020 the judgment of the living God has been upon those foreign nations whom our people served: And finally, We confirm that the LUMI has been ordained at this time by God Almighty so that our people shall come out with great substance.

The Law of Kings has been clearly articulated by Kings James, and he states: “Kings are justly called gods, for that they exercise a manner or resemblance of divine power upon earth,” (King James I of England).

In exercise of that divine power, every King and Queen who has taken an Oath on the Holy Bible is bound by Law to uphold this sacred covenant between God and the seed of Abraham. The Queen of England, Queen Elizabeth II, took this oath in 1953. Moreover, every King and Queen and Chief that fails to uphold this oath is guilty of treason before the throne of the living God.

Neither the Queen of England, the Pope, the Maroon Colonel, nor any other power, juggernaut or authority may deprive our people from coming out of captivity in this generation and hour.

Every person of African descent is entitled to receive their monthly LUMI stimulus of LUMI 6.26 (US\$100) for the next 3 years. The LUMI has been ordained unto the global African family in fulfilment of the covenant and this is the highest law of the land.

HIS MAJESTY REX SEMAKO I & III  
King of Kings & Lord of Lords,

Descendent of Queen Nanny of the Maroons, President of the United Kingdoms of Africa,  
Crown Vizier of the African Kingdoms Federation, Chairman of ECO-6
