ZAMBIA BECOMES THE WORLD CENTRE OF EXCELLENCE

Report by:

Dr. Edgar Ng'oma

Executive Chairman/Developer

Nation Sugar Corporation Ltd Citizen EMPOWERMENT

Under the PF government in Zambia, headed by Republican President Dr. Edgar Chagwa Lungu is about to shock the world very soon starting this month of July when **National Sugar Corporation Ltd Citizen EMPOWERMENT Program** is rolled out to embark on an ambitious development of 16 Smart cities across Zambia.

Preparations have been underway since 2016 and by last month June 2021 a wealthiest leading asset management bank which give loans to major financing lenders banking institutions of the world, (name withheld) expressed interest to finance all the 16 smart cities in Zambia, the proposed Bullet Train NETWORK in Zambia and Africa, proposed largest international airport on the continent of Africa if not in the world to be developed in Zambia because of her geographical location with 10 neighbouring countries, also the largest Shopping complex village near the biggest airport and bullet train hub right here in Zambia.

By next week I will share the architectural 3D designs of the biggest shopping complex village, the largest international airport with 30 terminals, 6 terminals dedicated to each of the 5 continents on earth with direct flights from Zambia to the major cities of the 5 continents.

The largest shopping complex village has been designed such that once passengers disembark to visit this shopping complex, they will be able to buy anything found in Africa, because all the available

“Producing Sugar for the World & turning Rural into Cities”

merchandise for example; clothing, curios and handcrafts, foods, cuisines and restaurants found in the 5 regions of Africa will be found in this complex village which will be segmented into West Africa shopping complex, North Africa, East Africa, Central Africa and Southern Africa.

These continental segments shopping malls will house all significant merchandise prominent found in the different regions of Africa each representing that region and restaurants with staple cuisine dishes most sort after appetising meals in that region. The same applies to clothing and hand crafts and curios.

The whole idea this largest shopping complex tries to address is that once tourists from the other 4 continents outside Africa overseas fly and land at proposed Ndake international airport in Zambia and they want to visit this shopping complex village they would have visited the entire continent of Africa because they will have a complete feel of Africa because this shopping village will be the confluence of the African culture and tradition , and 50 km west of the largest shopping complex village and largest Ndake international Airport tourists and visitors will be able to access a proposed Pan Africa celebrity city whose name has been proposed as Zoollywood City located in Chief Nyalugwe Smart city extending to chief Shikabeta in Rufunsa district across the Luangwa river.

ZOOLLYWOOD CELEBRITY CITY

Zoollywood City will be jointly developed by Hollywood of Los Angeles and Bollywood of Bombay as an Excellency awards venue Headquarters for all the 80 Pan African states and preparations are underway to get the two experienced entertainment companies collaborated.

Invitation letters are underway to give residential property plots on promotion by National Sugar Corporation Ltd to prominent African American celebrities to own pent homes and mansions in Zoollywood city.

Some short list names among many are;

Oprah Winfrey, Tiger woods, Will Smith, Bob Marley family members which include the mother, widow Lita Marley and all his children, Rihana, Jimmy Cliff, Khanye West, Chris Brown, Wesley Snipes, Samuel L. Jackson, Serena Williams among many others, the list too long to mention.

In Africa a good number of celebrities have been identified and short listed which big names include among many; P Square in Nigeria, Davido, Alick Dominique and a few prominent movie actors in Nollywood.

“Producing Sugar for the World & turning Rural into Cities”

Others are, Mafikizolo, many South African actors and musicians, Zimbabwe Jah Praiser, Tanzania Diamond Platinamz, Congolise Shala Mwana, Awilo Long'omba, Koffi Olomide, Mbili ya Bela among many Congolese musicians.

In Zambia all our celebrities their certificates of land offer have already been processed and printed, and among prominent celebrities are; Nguzu main character in Mpali on Zambezi magic DSTV channel 162 most viewed program, others are Zuba crew and actors, musicians include Dandy Crazy, Afunika, Exile na Nalu, General Kanene, Chester, Sakala Brothers, Ricky Ililonga, Brian Changala Shakarongo among many prominent music LEGENDS so numerous to mention.

Among sports soccer celebrities on the continent of Africa will include Kalusha Bwalya, George Weah now Liberian president, Ghanian Abede Pele, Cameroon Samuel Etoe and Rodger Miller, in Ivory cost Didier Drogba, Senegalese Akon, Nigeria Okocha among many soccer superstars in Nigeria and West Africa and many more sports celebrities.

BULLET TRAIN NETWORK

Once the diaspora has landed at the biggest and busiest Ndake international airport in Zambia, for those tourists who would prefer to have a feel of Africa, the bullet train connectivity NETWORK welcomes to take them to major capital cities on the continent of Africa.

A comprehensive master plan of this above development is almost completed and National Sugar Corporation Ltd will share with you next week.

MEN IN UNIFORM SECURITY SUBURB IN THE 16 SMART CITIES

An overwhelming number of names of security wings officers in Zambia have been submitted to National Sugar Corporation. National Sugar Corporation Ltd Citizen EMPOWERMENT program has received more than 10,000 applications and the certificates of land offer are being processed and printed as we speak. Zambia Army, Zambia Air Force, Zambia National Service, Office of the President special division, Anti corruption, DRUG enforcement, Correctional services, Immigration department, Passport and Citizenship.

MARKETEERS AND STREET VENDORS

National Sugar Corporation Ltd has also received an overwhelming response from STREET VENDORS

“Producing Sugar for the World & turning Rural into Cities”

AND MARKETEERS more than 15,000 (Fifteen thousand) have submitted their application forms and we are processing their certificates of land offer as I publish this communique.

The unveiling of the foundation stones ceremony will commence next week July 2021 dates to be advised. We are unveiling 10 smart cities sites of the 16 to start with one in each province of the 10 provinces of Zambia, and His Excellency the President of Zambia Dr. Edgar Chagwa Lungu will unveil all the 10 Smart cities except for the proposed Ndake International airport, Shopping Complex village and the bullet train hub which will be unveiled by the Bank Chairman financing the entire project.

Zambia is definitely destined to compete favourably with world hub Dubai and Zambia might become the leading international destination of the world and all this will be made possible under the leadership of President Lungu whose government has granted all rights including land, energy rights and water reticulation rights to enable the development of the 16 smart cities in Zambia .
