

POWER OF MELANIN

Melanin is the architect of life, you cannot be conceived unless melanin is involve, in order to articulate thoughts, achieve muscular growth, digest our food, process the sun light and receive vitamin D; the functionality of the cosmos, the universe, all the great daily activity is not possible without the intervention of melanin.

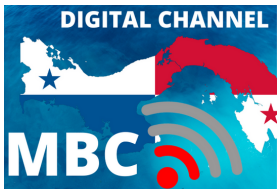

Melanin is not only responsible for skin color, it is responsible for existence.

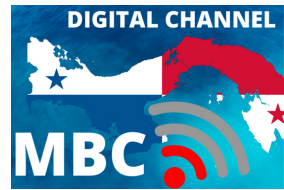

Llaila Afrika, the only thing we need to study first is Melanin.

The more melanin you produce, the more human you are.

The more melanin you produce, the more intelligent you are.

The more melanin you produce the more spiritual you are.

In the post/colonial era, we will dedicate a lot of time understanding melanin, the pineal gland, melanin centers in order to harvest all the knowledge, and all the wisdom, and all the direction that this biological computer offers.

Any person that is interested in God as a creator, needs to study MELANIN.
